Intermediate FINANCING			

## Governmental Accounting

Financial administration requires that each transaction be identified for administrative and accounting purposes. The first identification is by "fund" which is an independent fiscal and accounting entity, requiring its own set of books, in accordance with special regulations, restrictions, and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be so accounted for that the identity of its resources and obligations and its revenues and expenditures is continually maintained.

All funds used by Wisconsin school districts must be classified into one of nine "fund types." The major fund types are the General Fund, Special Projects Fund, Debt Service Fund, Capital Projects Fund, Food Service Fund, Agency (Pupil Activity) Fund, Fiduciary Fund, Community Service Fund, and Package and Cooperative Program Fund.

Wisconsin School Districts may not need all of these fund groups at any given time. The General, Debt Service, Food Service, Pupil Activity, and Special Projects Funds will undoubtedly encompass the majority of the transactional activity that will occur in the school district. The remaining fund groups, however, are still material to the overall presentation of the financial position of the school district and as such should be maintained and reported accordingly.

### General Fund (Fund 10)

The general fund is used to account for all financial transactions relating to the district's current operations, except for those required to be accounted for in other funds.

### Special Projects Funds (Fund 10)

These funds are used to account for activities funded by specific federal or state grant programs. Only programs the DPI has identified as being accounted for in this Fund can be recorded here.

### Fund 21 Special Revenue Trust Fund

This fund is used to account for trust funds that can be used for district operations. The source of such funds is gifts and donations from private parties. Cash and investments in this fund are expended pursuant to donor specifications. There may be a fund balance in this fund.

### Fund 25 Head Start Fund

This fund is used to account for the federal Head Start program. No fund balance or deficit should exist in this fund.

### Fund 27 Special Education Fund

This fund is used to account for special education and related services funded wholly or in part with state or federal special education aid or charges for services provided to other districts as a result of being a host district for a special education package or cooperative program. No fund balance or deficit can exist in this fund.

### Debt Service Funds (Fund 30)

These funds are used for recording transactions related to repayment of the following general obligation debt: promissory notes (issued per statute 67.12(12)), bonds, state trust fund loans, and TEACH loans. Also included in these funds are transactions pertaining to land contract payments and refinancing of debt issues and other district obligations as specified by the DPI. Debt tax levies must be recorded in these funds.

Subfunds may be established for various debt issues. If subfunds are established, funds 31 - 37, and/or 39 may be used for debt authorized prior to August 12, 1993 or approved by referendum. Fund 38 is required to be used to report transactions pertaining to non-referendum debt authorized after August 12, 1993. If the district is required to have a debt service tax levy as a result of participating in a consortium, the levy is recorded in the appropriate debt service fund with the appropriate principal and interest accounts charged when payment (usually to the consortium's fiscal agent) occurs.

### Capital Projects Funds (Fund 40)

These funds are used to account for expenditures financed through the use of bonds, promissory notes issued per statute 67.12(12), state trust fund loans, land contracts, an expansion fund tax levy established per statute 120.10(10m) or projects funded with a TIF capital improvement levy (Kenosha School District only). As permitted, a capital Subfundsfa1

The resources in capital projects funds may not be used for any purpose other than that for which the fund was established. For this reason a separate checking and/or investment account for these funds is highly recommended.

#### Food Service Fund (Fund 50)

All revenues and expenditures related to pupil and elderly food service activities are recorded in this fund. A fund balance in the Food Service Fund is permitted. There may be no deficit in the district's Food Service Fund. Any food service fund deficit, resulting from student food services, must be eliminated by an operating transfer from the General Fund. Any food service fund deficit, resulting from elderly food services, must be eliminated by a transfer from the district's Community Service Fund. The maximum that may be transferred if the district does not have a deficit in the Food Service Fund is limited to an amount necessary to cover a current year deficit in a particular food service program (National School Lunch, Breakfast, Ala Carte, etc.)

#### Agency Fund (Fund 60)

This fund is used primarily to account for assets held by the district for pupil organizations. Funds held for parent organizations may be accounted for in this fund and are accounted for as a liability to the parent organization. Parent organization funds may be accounted for in Fund 60. The parent organization may not be a separate 501(c) (3) entity. Receipts such as pupil deposits for books, locks, etc.; other receipts such as school lunch collections, athletic admissions and other fees may be temporarily deposited to agency fund checking accounts maintained at school locations until these items are remitted the district's business office for placement in required funds. Only balance sheet accounts for this Fund are reported in the Budget and Annual Reports. However, auxiliary records of receipts and disbursements must be maintained in at locations administering the accounts. Pupil organizations accounted for in this fund may give money to the district. It is recorded as a gift in the receiving fund.

#### Trust Funds (Fund 70)

These funds are used to account for assets held by the district in a trustee capacity for individuals, private organizations, other governments and/or other funds.

#### Fund 72 Private Purpose Trust Fund

Excluded from a Community Service Fund are any academic subjects and extra-curricular activities available only to pupils enrolled in the district. Student activities such as inter-scholastic athletics and other extra-curricular activities, pupil clubs, dances, field trips, student seminars and symposiums also may not be funded through Community Service.

A school board may, under s. 120.13(17), grant temporary use of school grounds, buildings, facilities or equipment, under conditions, including fees as determined by the school board.

A Community Service Fund should not be established for providing access to district

# BUDGET ADOPTION FORMAT

**DRAFT**

---

The Department of Public Instruction recommends that school districts adopt their budgets in the following format. Any subsequent changes made by the school board are to be processed in accordance with Wisconsin Statutes 65.90(5).

## FUND 40

### CAPITAL PROJECTS FUND

**DRAFT**

---

This fund is used to account for expenditures financed through the use of bonds, promissory notes issued per statute, State trust fund loans, or an expansion fund tax levy. Sub-funds are required for reporting specific bond and note issues' expenditures.

---
