Mr. Flood indicated that concerns have been brought forward by two Committee members, Mrs. Karabetsos and Mrs. Dahl, in regards to Standards Based Grading; therefore, he asked for the item to be added to the agenda.

Discussion took place pertaining to the following concerns that were shared:

Grading is not consistent.

Some teachers are picking the best pieces of work the student had while other teachers are picking the worst pieces of work of students. Likewise, some teachers are inputting all of the assignments while other are inputting only a few assignments.

Some teachers are stating that student aren't allowed to get 4's until the fourth quarter.

Parents are not getting enough information.

Parents cannot look at the assignments and know their child's grades.

Committee members discussed the use of a survey to gather input from Principals, teachers, and parents.

Mr. Flood withdrew his motion to forward a recommendation to the Board to end the implementation of the standards based grading at the end of the 2013-2014 school year and that the District return to the grading system used before standards based grading was implemented until Administration brings a proposal to the Board based on the findings of the Curriculum audit.

Administration indicated that they would conduct a survey and look into alternative grading methods, i.e. the use of standards based grading together with the use of letter grading, and return to the Committee in March with a report.

School Board Policy Regarding Registered Sex Offenders

Mrs. Sheronda Glass, Executive Director of Business, presented the School Board Policy Regarding Registered Sex Offenders. She indicated that Wisconsin Act 88, which went into effect on December 15, 2013, requires that registered sex offenders notify the District in advance of being in any school building, on any school grounds, school recreation area, or school athletic field or on any school property owned, used, or operated for school administration. She distributed a revised copy of the proposed policy and indicated that the last paragraph of the policy (#4 under “exceptions”) was revised to better mirror Wisconsin Act 88. She also noted that #1 under “procedures” of the policy has an option to specify a time frame for a Registrant to notify a Principal in advance of a visit. She indicated that her recommendation is 72 hours but that she is open to any suggestions.

Discussion took place regarding the following concerns the Committee had:

Will contracted personnel supervising students at a school and/or at an alternative location, i.e. CAADD Program be included under #4 of the “procedures”?

How will Registrants go about, and know how to go about, giving notice of a visit to a school and/or program, i.e. CAADD Program, which is not housed at a traditional school building and/or is housed at an alternative location?

How do local law enforcement and/or child welfare agencies plan on notifying the District of Registrants that they are supervising?
